

EAST AFRICAN SCHOOL OF AVIATION

An ICAO Platinum Training Centre of Excellence

ICAO

TRAINAIR PLUS™

PLATINUM EXCELLENCE

8TH EASA
Graduation
CEREMONY

FRIDAY
9TH DECEMBER
2022
GRADUATION SQUARE

Theme: "Re-engineering Aviation Training to address the Post - COVID Human Resource Challenge."

VISION

To be the Global Aviation Training Centre of Choice.

MISSION

Effectively offering quality training that meets the needs of the global aviation industry by optimally leveraging resources.

Core Values

EASA believes and is committed to;

- Promote Academic Freedom and Excellence,
- Integrity,
- Employee Empowerment,
- Teamwork,
- Innovativeness,
- Customer Focus and
- Product Quality

Objectives

The general strategic objective of EASA is to become an international aviation training center of excellence by achieving and sustaining relevant regulatory approvals and building capacity to diversify and deliver quality products. The specific objectives are;

- To increase the diversity of training programs and the clients base in Africa and beyond.

- To strengthen and sustain the school's financial growth by maintaining a sound financial management system.
- To develop, motivate and retain a strong human resource for optimum school performance.
- To create collaborations and partnerships with industry in line with current aviation trends.
- To provide modern infrastructure, facilities and equipment that meet the training needs of global aviation industry.
- To build a strong EASA brand through leveraging marketing programs as specified in the EASA marketing plan.

Hon. Onesimus Kipchumba Murkomen EGH

Mr. Mohamed Daghar
PS, State Department for
Transport

Eng. Joseph Nkadayo, MBS
Chairman, KCAA

Mr. Emile N. Aaro
Director General, KCAA

Dr. Mugambi M'Nchebere
Director, EASA

WELCOME NOTE

Dr. Mugambi M'Nchebere
Director EASA

Congratulations to the class of 2022. You've worked hard to achieve your goals and now you're on your way to seek new vistas, dream new dreams, embark on who you are, embrace life with passion and keep reaching for your star.

I warmly welcome you all to EASA's 8th graduation ceremony, as we come together to celebrate our deserving graduands for their remarkable achievement. With the help of very dedicated staff, we continue to re-engineer Aviation Training to address the

Post - COVID Human Resource Challenge. I would like to appreciate the KCAA Board members, the Director General, the school management and the entire staff for making efforts in their various capacities, which has seen EASA rise and excel in both academics and co-curricular activities.

EASA is at the forefront of aviation skills development and innovation hence playing a major and transformative role in human capital development for the industry. This day is a culmination of collective efforts of the graduands and their instructors. You have endured much, made sacrifices and spent sleepless nights to get to this big and rewarding day of your graduation.

Graduands, you have made a lasting and powerful statement about your character and resilience by making it to this graduation ceremony. Do not let anything deter you from taking the first big step towards the right direction. Do not wait for that perfect chance. Failures and obstacles are part of life, and they provide the perfect learning opportunity.

I wish to thank the government, through our parent Ministry for Roads and Transport, our mother institution KCAA, partners, parents and all our stakeholders for the support and goodwill they have demonstrated towards this School. Graduands, may your success take you to the highest of your hopes, to the doors of possibilities, and to the most special places your heart has ever desired.

God bless you.

ABOUT EASA

The East African School of Aviation (EASA) is the training directorate of the Kenya Civil Aviation Authority which is in the Ministry of Roads and Transport. The school offers a variety of aviation, technical and management programmes. EASA was established in 1954 to provide training for Telegraphic and Teleprinter Operators. In 1960, the school was expanded to cater for training of Engineering Technicians and Air Traffic Control Officers.

In 1963, the operations of EASA were entrusted to the International Civil Aviation Organization (ICAO) Training Mission and the name changed to East African Common Services Organization School (EACSOS). The name was later changed to East African School of Aviation (EASA) under the directorate of Civil Aviation, in the then Ministry of Transport and Communications. In 1985, EASA was moved to the current fully equipped facility at Embakasi, off Airport North Road, in close proximity to Jomo Kenyatta International Airport (JKIA).

In 2006, EASA was certified as an IATA Training Centre, and recognized for three consecutive years for being among the top 10 Africa IATA Authorized Training Centres (ATC). In 2010, EASA attained its ISO 9000-2008 certification. In 2011, EASA became an ICAO TRAINAIR Plus Associate, with accreditation to develop and conduct ICAO Standard Training Programs (STPs). In 2011, EASA was certified as an Approved Training Organization by the Kenya Civil Aviation Authority.

In 2012, EASA became a Full Member of ICAO TRAINAIR Plus Programme and the 2nd institution worldwide to attain the status. In 2015, EASA was designated as an ICAO Regional Training Centre of Excellence and was the 9th institution globally to attain that status.

In 2017, EASA attained its ISO 9001:2015 certification and in 2022, EASA was recognized by ICAO as a Platinum Training Centre of Excellence TRAINAIR PLUS programme (TPP) member.

REGISTRATION AND ACCREDITATION

EASA is one of the few Civil Aviation Training Centres (CATCs) recognized by the International Civil Aviation Organization (ICAO) globally. The school recently completed the new requirements of recognition as a Platinum Training Centre of Excellence TRAINAIR PLUS programme (TPP) member. Some of the accreditations are indicated below:

- IATA 2022 Top Regional Performer in Africa and the Middle East
- Platinum Training Centre of Excellence (TCE) – ICAO
- Approved Training Organization (ATO) – KCAA
- ISO 9001-2015 certified - KEBS
- Train Air Plus Full Member - ICAO
- Authorized Training Centre (ATC) – IATA
- Aviation Security Training Centre (ASTC) – ICAO
- Government Safety Inspector (GSI) endorsed Centre – ICAO
- Accredited Training School for Dangerous Goods Regulations CAT 6
- Registered with the MOE as a TVET institution and accredited by TVETA

Director EASA, with course participants after a course opening

CONGRATULATIONS!!

EASA is now a Platinum Training Centre of Excellence TRAINAIR PLUS Programme (TPP) Member.

“I wish to congratulate the East African School of Aviation (EASA) for successfully completing the new requirements of recognition as a Platinum Training Centre of Excellence TRAINAIR PLUS Programme (TPP) Member. Your achievement will play an instrumental role to lead by example for the rest of the TPP Network willing to Engage in more TPP training activities.

I appreciate your strong commitment and participation in the dissemination of ICAO training through the many course deliveries hosted last year, thereby actively supporting ICAO and its Member States in the efficient implementation of ICAO Standards and Recommended Practices (SARPs).

I strongly encourage the East African school of Aviation to maintain or increase, whenever possible, its TPP membership recognition level and to continue implementing ICAO training activities to support ICAO Member States with their training needs” Wrote Mr. Diego Martinez, ICAO Chief, Global Aviation Training.

The Registrar Academic Affairs (Right) and Head of Curriculum Development Unit (Left) displaying the ICAO awards during the GISS Symposium in Istanbul in June 2022.

The East African School of Aviation (EASA) was recognized once again by the International Air Transport Association (IATA), as the Top Regional Performer in Africa and the Middle East 2022!

This recognition identifies EASA as a Centre of excellence in training.

Congratulations to our Instructors, Students and EASA Fraternity for being a great team.

Mr. J M Ndiritu Receiving the IATA Authorized Training Centre (ATC) Top Regional Performer 2022 certificate from the IATA Director of Training Ms. Stephanie Siouffi on 14th October, 2022.

Be a part of the team leading the aviation industry into the future. Whether you need to expand your skillset or fulfil job requirements, we are your perfect training partner.

EASA has invested heavily in quality training through the exposure to the industry that we give our students, state of the art training equipment and highly skilled instructors who are leaders in their fields of expertise.

IATA Examined Programmes at EASA

- IATA Diploma in Travel & Tourism (Foundation level)
- IATA Diploma Travel and Tourism (Consultant Level)
- IATA Diploma Managing the Travel Business
- IATA Diploma in Air Cargo Services (Introductory Level)
- IATA Diploma in Dangerous Goods Regulations.
- IATA Diploma in Advanced Cargo Rating and Marketing
- IATA Airline Cabin Crew/ Flight Attendants course

To apply, contact registrar@easa.ac.ke or info@easa.ac.ke.

Congratulations!

NEWS PICTORIAL

ATSEP Phase 1 Course Closure with participants from Sudan CAA.

Nanyuki Boys High School visited EASA on a career tour and took part in the engineering practical sessions.

EASA was honored to Host the 3rd Term Ketisa Games in November 2022, and managed to win the displayed trophies. Congratulations to the able participants.

The Future of Flight Operation Training at EASA is too bright!

In pursuit to consistently offer high quality learning experience to support the newly approved FOO training and procedures manuals, EASA has done it again!

An avant-garde flight planning and debriefing laboratory is at the final stages of completion. The laboratory will be a tridimensional solution for Manual ATS flight planning with Cronos and a perfect solution to simulate adverse effects of poor flight planning and wrong application of operating procedures.

The custom made Cessna citation mustang synthetic flight trainer that is equipped with GDU (General Display Unit) 1040A, MFD 1500, GMA1347, GMC 710(Auto pilot) GCU 475(FMS keypad), audio panel among other switches, will revolutionize Foo training at EASA. Learners will now have the opportunity to experience the effectiveness of their actions through flight computing and practicing crew briefing.

Director EASA (Right), in the process of accepting the Flight Planning Equipment and System for FOO training, at Brisbane Australia.

We have Flight Dispatch course intakes in January and September, both day and evening classes.

The Director's Award 2022

This year, Ms. Eddah Njeri was nominated as the EASA Directorate customer service champion and received the award from the Director General, KCAA.

Ms. Eddah Njeri receiving her award from the Director General KCAA, as the 2022 Customer Service Champion

Ms. Eddah Njeri serves at EASA in the Students Registry. EASA depends on her efforts in the management of student records and attends to both students and staff of EASA.

Ms. Eddah has perfected her customer care skills and always goes an extra mile to perform her duties to the satisfaction of every client. This she does enthusiastically and always in good faith. To students, Eddah Njeri is the face of EASA.

She therefore deserves this years Director's award during today's ceremony.

Performance Based Safety Oversight Management Course.

In collaboration with ICAO, EASA's Curriculum Development Unit has added another Standardized Training Package (STP) to the ICAO library from where it shall be accessible to all TPP Members for global use.

Goal

This course will equip Senior Civil Aviation and Service Provider personnel with competencies to manage a risk-based oversight system, to ensure optimal resource utilization and enhanced implementation of State Safety Programme (SSP).

Learning Objectives

- Review Legislative Framework for Safety Oversight,
- Determine Safety Oversight Capacity,
- Develop Standardized Safety Oversight Requirements,
- Manage Certification, Approval and Authorization,
- Co-ordinate Monitoring and Improvement of Safety Oversight,
- Appraise Performance Measurement.

Primary Target Population

- Managers and Senior Officers in Aviation Safety Oversight
- Aviation Safety Inspectors
- Managers and Senior Officers of Service Providers
- CAA Senior Officers and Managers other than those in Safety Oversight

Entry Requirements

- Must be technically competent in at least one area in Aviation e.g Piloting, ATC, CNS, AME, AIS etc.
- At least three years working experience in Civil Aviation as a Safety Oversight Inspector OR
- At least three years working experience in a safety critical role in Aviation OR
- Experience in the Development and implementation of safety oversight within Civil Aviation.

EAST AFRICAN SCHOOL OF AVIATION COURSES

IATA DIPLOMA IN TRAVEL AND TOURISM

Course Objectives:

The training prepares students for a career in airline passenger reservations, airport Check in duties, tour operations, Events Management and a wide range of business and leisure travel professions.

Course Content:

- Air Fares and Ticketing
- Itinerary planning
- Travel formalities/ Airport DEP & ARR procedures
- Tour production / Cruise holidays
- Hotel services/ Events Management
- Car Hire/ Rail / Coach transport

Among the various areas of employment are:

- Airline Reservations / Travel Agencies
- Airport Check In / Passenger Ground Handling
- Tour Operators/ Destination selling
- Hotel/ Accommodation Reservation
- Guest Relations Officers/ Customer Service Officers
- In-House Corporate Travel Consultants

Examining body is the International Air Transport Association – IATA 3 Diploma levels

- IATA Travel and Tourism Foundation with Galileo
- IATA Travel and Tourism Consultant
- IATA Managing the Travel Business

Successful trainees acquire the title of a Travel Consultant Minimum Entry Requirement: KCSE D+

Duration is 6 months

Intakes: JANUARY AND SEPTEMBER EVERY YEAR

IATA CERTIFICATE IN AIRLINE CABIN CREW

Course Objectives:

The training equips students with Skills and expertise to meet the industry's requirements in Aviation Safety, Aviation Security and excellent customer service as well as relevant competencies for the career.

At the end of this Course, participants will be able to demonstrate excellent safety, security and customer service knowledge.

Course Content:

- Air Transport and Flight Operations
- Crew responsibilities and cooperation
- Managing abnormal and emergency situations
- Medical emergencies onboard the aircraft
- Dangerous goods
- Aviation Security
- Airline catering and on-board retail services

Employment opportunities:

- Commercial Airlines as cabin crew
- Corporate Airlines as VIP cabin crew
- Hotels as guest relations personnel
- Airports as customer service agents.

Examining body is the International Air Transport Association – IATA. On successful completion, the graduate attains an IATA Certificate in Airline Cabin Crew.

Successful trainees acquire the title of a Purser/Cabin Crew/Steward(ess)/In-flight Attendant.

Minimum Entry Requirement: KCSE D+

Duration is 6 months

Intakes: JANUARY AND SEPTEMBER EVERY YEAR.

IATA DIPLOMA IN AIR CARGO MANAGEMENT

Course Objectives:

The training prepares students for a career in airline/ sea/ road cargo reservations, in adherence to proper packaging, documentation, warehousing and shipping of mail, parcels and cargo.

Course Content:

- Operations of freight forwarders and airline cargo units.
- Standard cargo acceptance procedures and document completion
- Cargo rating principles and loading procedures.
- Apply the IATA Dangerous Goods Regulations correctly
- Understand the legal requirements and responsibilities of shippers, agents and airlines.
- Properly packed, marked and labeled
- Shipper's Declaration for Dangerous Goods.

Employment opportunities:

- Airline Cargo Acceptance
- Air cargo processing
- Warehouse management Staff
- Customs clearance for both air and sea ports
- Procurement and Store keeping facilities
- Non-Governmental Organizations

Examining body is the International Air Transport Association–IATA 3 levels are;

- IATA Diploma in Air Cargo Introductory Service
 - IATA Certificate Course in Dangerous Goods Regulations
 - IATA Certificate Course in Advanced Air Cargo Rating and Marketing.
- Successful trainees acquire the title of a Cargo Consultant.

Minimum entry Requirement: KCSE D+

Duration is 6 months

Intakes: JANUARY AND SEPTEMBER EVERY YEAR.

EASA DIPLOMA IN TRAVEL AND TOURISM MANAGEMENT

Course Objectives:

The training prepares students for a career in airline passenger reservations, airport Check-In duties, tour operations, Events Management and a wide range of business and leisure travel professions.

Course Content:

- Air fares and ticketing
- Itinerary planning
- Travel formalities/ Airport DEP & ARR procedures
- Tour production / Cruise holidays
- Hotel services/ Events Management
- Car Hire/ Rail / Coach transport

Among the various fields of employment are;

- Air reservations / Travel agencies
- Airport Check In / Passenger Ground Handling
- Tour Operators/ Destination selling
- Events Management companies
- Car Hire, Rail Transport, Coach Transport firms
- Hotel/ Accommodation Reservation
- Guest Relations Officers/ Customer Service Officers
- In-House Corporate Travel Consultants

The student has option of sitting for IATA (the Association of Airlines World-Wide that decide & set guidelines on the Commercial activities of Airlines) exam
Examining body is EAST AFRICAN SCHOOL OF AVIATION.

On successful completion, the graduate attains

- Diploma in Travel and Tourism Management

Minimum Entry Requirement: KCSE C-

Intakes: JAN, SEPTEMBER

Duration is 2 years

EASA DIPLOMA IN AIR CARGO MANAGEMENT

Course Objectives:

The training prepares students for a career in airline / sea / road cargo reservations, in adherence to proper packaging, documentation, warehousing and shipping.

Course Content:

- Operations of freight forwarders and airline cargo units.
- Standard cargo acceptance procedures and document completion
- Cargo rating principles and loading procedures.
- Apply the IATA Dangerous Goods Regulations correctly
- Understand the legal requirements and responsibilities of shippers, agents and airlines.
- Properly packed, marked and labelled
- Shipper's Declaration for Dangerous Goods.

Employment opportunities

- Airline Cargo Acceptance
- Air Cargo processing
- Ware house management Staff
- Customs clearance for both air and sea ports
- Procurement and store keeping facilities
- Non-Governmental Organizations

Examining body is: EAST AFRICAN SCHOOL OF AVIATION

On successful completion, the graduate attains a Diploma in Air Cargo Management.

Minimum Entry Requirement: KCSE C-

Intakes: JAN & SEPTEMBER every year

Duration is 2 years

The student has option of sitting for IATA (the Association of Airlines World - wide that decide & sets guidelines on the Commercial activities of Airlines).

EASA DIPLOMA IN AIRPORT OPERATIONS

Course objectives

This program prepares a student for the Operational Management of an Airport – a World recognized qualification commanding much esteem & status.

On completion of the Diploma program, the student will have a deep all round knowledge covering all aspects of Airport Operations Management.

Course content:

- Introduction to Civil Aviation
- Communication & etiquette,
- Airport Passenger Service,
- Airport Cargo Service,
- Air Transport/Airline Geography (specialized for Civil Aviation)
- Passenger Ground Services,
- Air Cargo Transport,
- Airport Maintenance Practice,
- Airport Safety Check Practice,
- Airport Fundamentals,
- Airport Operations,
- Airline Operational Control,
- Managing Airport Environment,
- Airport Emergency Rescue,
- Flight information Services,
- Human Factors & Aviation Safety,
- Air Traffic Management

Examining body is: EAST AFRICAN SCHOOL OF AVIATION. On successful completion, the graduate attains a Diploma in Airport Operations.

Minimum Entry Requirement: KCSE C-

Intakes: JAN & SEPTEMBER every year.

Duration is 2 years

DIPLOMA IN AERONAUTICAL ENGINEERING (AIR FRAMES AND ENGINES OPTION)

Course Objectives:

The training prepares graduates for a career in aircraft maintenance.

Course Content:

- Engineering mathematics
- Airfield and Safety procedures
- Industrial Organization and Maintenance
- Trade and Entrepreneurship Project
- Flight Mechanics
- Airframe Technology
- Aircraft Propulsion

Among the various areas of employment are:

- Aircraft maintenance organizations e.g. Air Works Aviation, Hawk Aviation
- Civil Aviation Aircraft Inspectors e.g. KCAA
- Military
- Flight Crew

Successful trainees acquire the title of an Airframes and Engines Technician.

Airframes and Engines technicians typically do the following:

- Performing preventive maintenance checks and services on aircraft components and systems, such as brakes, hydraulic lines, fuel lines, etc.
- Inspecting aircraft parts to ensure they meet safety regulations
- Repairing damaged components using fabrication methods such as welding, machining, and sheet metal work
- Performing inspections of aircraft structures, systems, and components such as engines, fuel systems, landing gear, and hydraulics
- Keep records of maintenance and repair work

The course Duration is three (3) years divided into modules i.e. Mod I, Mod II and Mod III.

The KNEC Modular program requires the trainee to sit for a KNEC exam at the end of each module in order to progress to the next module.

Examining body is the Kenya National Examinations Council

Minimum entry qualification is mean grade C- in KCSE.

Other requirements: Math C-, Physics C-, English C-

Intakes: MAY, SEPTEMBER

DIPLOMA AERONAUTICAL ENGINEERING (AVIONICS)

Course Objectives:

The training prepares graduates for a career in aircraft maintenance.

Course Content:

- Engineering mathematics
- Airfield and Safety procedures
- Industrial Organization and Maintenance
- Trade and Entrepreneurship Project
- Telecommunication Principles
- Communication & Navigation Systems
- Digital Principals & Microprocessors

Among the various areas of employment are:

- Aircraft maintenance organizations e.g. Air Works Aviation, Hawk Aviation, etc.
- Civil Aviation Aircraft Inspectors e.g. KCAA; Airport Ground
- Military
- Flight Crew etc.

Successful trainees acquire the title of an Avionics Technician.

Avionics technicians typically do the following:

- Test electronic instruments, using circuit testers, oscilloscopes, and voltmeters
- Interpret flight test data to diagnose malfunctions and performance problems
- Assemble components, such as electrical controls and junction boxes, and install software
- Install instrument panels, using hand tools, power tools, and soldering irons
- Repair or replace malfunctioning components
- Keep records of maintenance and repair work

The course Duration is three (3) years divided into modules i.e. Mod I, Mod II, Mod III.

The KNEC Modular program requires the trainee to sit for a KNEC exam at the end of each module in order to progress to the next module.

Minimum entry qualification is mean grade C- in KCSE.

Other requirements include: Math C-, Physics C-, English C-

Intakes: MAY, SEPTEMBER

DIPLOMA IN ELECTRICAL AND ELECTRONICS ENGINEERING (TELECOMMUNICATION OPTION)

Course Objectives:

The training prepares graduates for a career in maintenance of telecommunication systems.

Course Content:

- Engineering mathematics
- Industrial Organization and Maintenance
- Trade and Entrepreneurship Project
- Telecommunication Principles
- Communication & Navigation Systems
- Digital Principals & Microprocessors
- Microcontroller Technology
- Communication Systems

Among the various areas of employment are:

- Telecommunication corporations
- Communication Navigation and Surveillance organizations e.g KCAA
- Transmission stations
- Broadcasting corporation
- Defence forces

Successful trainees acquire the title of a Telecommunication Technician.

Telecommunication technicians typically do the following:

- Installing, maintaining, and servicing voice and data communication circuits, security cameras, panic systems, door access, and cabling
- Perform system testing and troubleshooting as required
- Repair or replace malfunctioning components
- Keep records of maintenance and repair work

The course Duration is three (3) years divided into modules i.e. Mod I, Mod II, Mod III.

The KNEC Modular program requires the trainee to sit for a KNEC exam at the end of each module in order to progress to the next module.

Minimum entry qualification is mean grade C- in KCSE.

Intakes: MAY, SEPTEMBER

DIPLOMA IN FLIGHT OPERATION/DISPATCH

Course Objectives:

The training equips students with Skills and expertise to meet the industry's requirements in Aviation Safety, Aviation Security in exercising excellent flight planning duties.

At the end of this Course, participants will be able to demonstrate excellent safety precautions and flight guidance skills.

Course Content:

- Meteorology
- Flight Monitoring/ Aircraft Performance
- Aircraft General Knowledge
- Flight Planning
- Operations Control Procedures
- Human Factors
- Air Traffic Management
- Communication/ Civil Airlaw
- Mass & Balance/ Navigation

Employment opportunities

- Commercial Airlines as flight dispatch officers
- Commercial Airlines as flight dispatch planners
- Ground Handling Agencies

Examining body is EAST AFRICAN SCHOOL OF AVIATION

On successful completion, the graduate attains;

- EASA Diploma in Flight Operation/Dispatch

Successful trainees acquire the title of a Flight Operation/Dispatch Officer

Minimum Entry Requirement: KCSE C

Intakes: JAN, SEPTEMBER

Duration is 1 year

How to apply:

Applications and copies of certificates can be sent by mail along with an application fee receipt of Ksh.1000 payable to any of the school account details listed below. Include your mobile phone number, email address and postal address and address to:

The Registrar – Academic Affairs

EASA, P.O. Box 30689 – 00100 NAIROBI, OR

E-mail to registrar@easa.ac.ke, info@easa.ac.ke or hand delivered to the school in Embakasi (Off Airport North Road).

For more information please Call **(020) 6823602-7, 0716 164229 / 30** or visit our website www.easa.ac.ke

"EASA, Your Training Partner of Choice"

WIMBO WA TAIFA

Ee Mungu nguvu yetu
Ilete baraka kwetu
Haki iwe ngao na mlinzi
Natukae na undugu
Amani na uhuru
Raha tupate na ustawi.

Amkeni ndugu zetu
Tufanye sote bidii
Nasi tujitoe kwa nguvu
Nchi yetu ya Kenya
Tunayoipenda
Tuwe tayari kuilinda

Natujenge taifa letu
Ee, ndio wajibu wetu
Kenya istahili heshima
Tuungane mikono
Pamoja kazini
Kila siku tuwe na shukrani

NATIONAL ANTHEM

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity Peace and liberty
Plenty be found within our borders

Let one and all arise
With hearts both strong and true
Service be our earnest endeavor
And our homeland of Kenya
Heritage of splendor
Firm may we stand to defender.

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labor
Fill every heart with thanksgiving.

WIMBO WA EAC

*Jumuiya Yetu sote tuilinde
Tuwajibike tuimarike
Umoja wetu ni nguzo yetu
Idumu Jumuiya yetu.*

Stanza 1

Ee Mungu twaomba ulinde
Jumuiya Afrika Mashariki
Tuwezeshe kuishi kwa amani
Tutimize na malengo yetu.

Stanza 2

Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu na desturi zetu.

Stanza 3

Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.
